CRESCENT PARK GRADUATION AT WM. BINGHAM GYM NEXT TUESDAY EVENING

The eighth grade of the Crescent Park School will hold its graduation exercises on Tuesday evening at 8 p. m. at the William Bingham Gymnasium.

The feature of the program this year will be a pageant entitled "One World" which points out the need of the universal brotherhood of man.

Because children of the Crescent Park School will have an opportunity to see the final dress rehearsal this year, it is requested that all children attending the exercises Tuesday evening, be accompanied by their parents.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

We have in town an old gentleman, unable to get out and work but who does enjoy a radio. He has neither electricity nor a radio. Do you know of anyone who has a usable battery radio not in use who would be willing to donate it for this old gentleman? I think it would be very much appreciated. Thank you.

O. T. Rozelle.

LADIES CLUB PLANS TO HOLD PARISH AUCTION NEXT MONTH

Seventeen years ago the Ladies Club of the Congregational Church originated the idea of a parish auction, the object to raise money toward renovating the church. All members of the West Parish were asked to contribute and there was a generous response. A public auction with dinner served at noon brought in a substantial sum.

We feel that the time has come to repeat that venture for there is great need, such as painting the church and manse, redecorating the chapel, replenishing our stock of dishes, but most urgent of all is finishing off rooms for our ever-growing Sabbath School, especially the primary grades.

Aren't you glad we do need extra room? Aren't you glad to have the rooms over-flowing? Aren't you glad to have your children trained in religious thinking and living. To make these teachings impressive the environment should be dignified and suitable, not only for the children but as an encouragement to our excellent staff of teachers.

If you are interested in your children's Christian development or if you are interested in all children you will be happy to give generously to this project.

Furniture stored in attic, barn or shed, is of no use to you or anyone else, why not help your Church?

The gift will be twice blessed, those who give and those who receive. Please keep this in mind and begin collecting your contributions.

Nothing is too large or too small. Get ready for a big-big Auction in July. More details and exact date will be given later.

Miss Susan Kneeland, who has been a student at Northeastern State Teachers' College, Kirksville, Mo., this year, is spending a short vacation at her home here. She will return to Kirksville Saturday, where she will be employed in the laboratory at Kirksville College of Osteopathy and Surgery.

Miss Donna Anderson, daughter of Mr. and Mrs. Ordell H. Anderson, Bethel, has returned to her home to spend the summer vacation from Vermont Junior College, Montpelier, Vt. Miss Anderson has been elected program chairman of the Americana Club for the 1955-56 academic year. She will take office in the fall.

Mrs. Eleanor Bean entertained at a party at her home Saturday. In celebration of the eighth birthday of her daughter, Bethany. Games were enjoyed, and prizes were won by Louann Brown and Barbara Hutchinson. Refreshments were served. Guests were Terry Parsons, Linda Lord, Linda Lowell, Elinor Mills, Barbara Hutchinson, Louann Brown, Donna Day, Jackie Crouse, and Jackie Jackson.

The Music Appreciation Group and the Gould Academy Student Council will sponsor a Concert Series in 1955-56. The first concert will be Sept. 22. McHenry Boatwright will be the soloist. He is a baritone and has held a concert in Bethel in 1954 and was well received. There will be a drive in September for the three concerts tickets at a reduced rate. After that single concert tickets only will be on sale. On Nov. 18 Michael Powers will be the second soloist. He is a pianist.

SCHOOL NEWS

Grade 5—Mrs. Lord
Mr. Feltner gave an interesting talk on minerals last Friday, which we all enjoyed. We are having a Latin American Fiesta on Friday, June 10. Latin American clothes (which are bright and gay) will be worn. Some girls from our room are putting on a play having to do with the Americas. In Social Studies we are quickly going over the Philippine Islands, Hawaii, Australia, and the East Indies. In Language and Arithmetic we are reviewing what we have learned this past year. A Hobby Show was held on Wednesday, June 8. Hobbies included minerals, stamps, miniature cars and statues, post cards, miniature airplanes, shells, old relics, baskets, pictures, money, dolls, marbles, and many others which people from our room have brought. Correspondents: Lucia Feltner, Dixie Lea Brown.

Grade 6—Miss Varner

We were pleased and excited when we received a gold seal for our year's work in penmanship. Our writing chart and each pupil's signatures have been put up in Miss Varner's room to give us an opportunity to compare our writing in the future with this year's work. We are very disappointed to learn that we will not be having a writing teacher next year. Our writing has improved a great deal in the past two years under Miss O'Connor's fine instruction. The Eighth Graders have received Writing Certificates but without a writing instructor we will not have the honor of receiving certificates. —Janita Hasiata's team won the spelling contest 645 to 644. Peter Snowell's side will give the winners a party on Friday, the tenth. This is a review week in spelling and we are having a contest with the girls against the boys. Both teams are trying hard to win. We all appreciate it very much that Mr. Feltner of the Beryllium Corporation.

THE LOW DOWN
FROM
HICKORY GROVE

Today I dug my bicycle and take off for the big wheat country. And before driving further, I say to the brethren out there that I am for wheat. And the man who raises sacks. And also I say that the top booster for the wheat country—and the real friend of the farmer and his helpmate there, is Oscar Brother Benson. Mr. Ike's top man in agriculture.

In our congress, rocks are piled on the track of Brother Benson's attempt to put farming back on an even keel. Props are the culprit. Wheat has been so thoroughly propped that enough wheat is in storage to feed us for 2 years—excluding plenty for export. And so storage bill per year is 180 million dollars. You need no crystal ball to see there is something catastrophic when 2000 million backs are tied up earning nothing—but cooling plenty interest.

It is okay for a farmer to buy a Cadillac and the adjoining 80, but it is okay only if there were also props under dividends, salaries, shingles, oil, or whatever it is that you are up to for making a living. For lacking the job of getting agriculture down to earth again, I hand the palm for vertebrae and fairness to this Utah gentleman Mr. Benson.

Yours with the low down,

★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

T. L. Bond, 2405 Merchant Street, Abilene, Texas, was made manager of a branch house Wholesale Grocery. Having been on the road for some time previous, it seemed that all the troubles in the world had just been put on his back. He was trying so hard to make good that it was taking about eighteen hours of the day for him to keep his house on top, and it was getting on his nerves so badly that he thought he would have to give up. For the first time in his life it seemed that he must admit defeat.

Shortly he received a call from the President of the Company who told him that due to circumstances unavoidable he would like for Mr. Bond to take in conjunction with this house he already had, another branch nearby. He hesitated at first but then thought inasmuch as this was an advancement, it might help relieve his mind of some worries he already had. So he accepted the job.

Thirty days later he was in more trouble than ever before. He immediately asked to see the President and he told him that he would like to turn back one house or both of them. Before he could finish his sentence the President said he was sure that Mr. Bond was going to say that worries were his main trouble. Then this experienced man went on to say that most things one worried about never happened, and that mostly the worries that bothered Mr. Bond the Company was insured for. Right then T. L. Bond learned that minor matters were his biggest troubles.

Today when he locks the door to his business he locks in his worries and even though his responsibilities are now ten times greater, his worries are few.

Economic Highlights

Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare.

It is undoubtedly true that hope is higher now than it has been in years that the threat of World War III can be lessened, and the existing uneasy peace made more secure. That hope is based on another hope—that there has been a significant change in attitude in the Kremlin. Doughty old Winston Churchill suggested this, rather cryptically, when he said: "We have a new scene. New men are masters in the Kremlin. It is by no means certain that there is not another 'new look' on other faces with more powerful forces behind them which may still be most beneficial to the overwhelming masses of people all over the world who wish to dwell in peace with one another."

This view is not universally held by any means. Authoritative and respected voices here and abroad warn that the Russian leopard will not change his spots, and that to think otherwise is the most dangerous of illusions. However, the top men in the West, for the most part, are now taking a cautiously optimistic stand. President Eisenhower, for one, sees signs of light ahead. It is of the utmost significance that he has agreed to a Big Four conference "at the summit," not just on the lower level of the foreign ministers. In the past, he was very cool to this idea.

In part, the President's present position may be due to the pressure exerted by the British and French in behalf of any action that offers the slightest chance of improving the world situation. But the Russians, under their new leadership, have taken some tentative and important steps. The

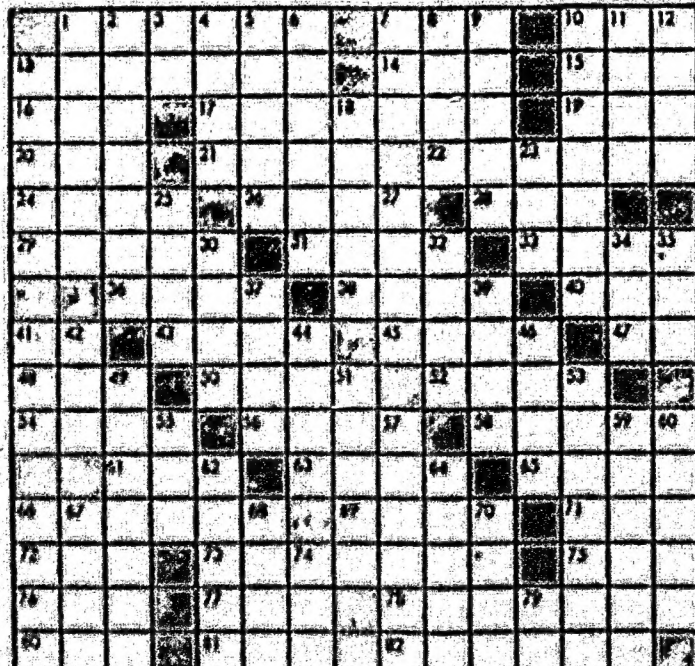

signing of the long-delayed Austrian peace treaty, which makes that country a neutral tied neither to East or West, is the outstanding example. And, apparently, the Russians will discuss the Formosa problem without the participation of Red China, which they refused to do in the past.

Dorothy Thompson, long a student of Russian and international communism, recently disputed the idea that nothing can or will change Lenin's theory that a long period of coexistence between capitalism and communism is impossible, and that one or another will have to be destroyed. This concept, Miss Thompson argued, was radically changed by Stalin, "who made the building of the USSR primary, and pushed world revolution into the background and sought safety in a 'position of strength' and a balance of power." She believes that the situation holds the possibility "of a long period of armed but peaceable coexistence."

In another of her columns, Miss Thompson made an unusual and thought-provoking point. She wrote: "There is an odd contradiction in our propaganda about the Soviet Union. On the one hand we say that the rigid monolithic structure of communism is unable to produce for basic human needs, and, on the other, that it is capable of launching a third world war—war being the greatest imaginable consumer of goods and services. Both views simply cannot be correct."

In any event, the world outlook may change materially this summer. No one expects miracles from a Chiefs of State meeting or anything else. But perhaps, at long last, some groundwork for ultimate success in the reconciliation of differences may be had.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach, NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

Way, way ahead!

Mrs. Ruth Gilbert, Corres.
Michael Stowell underwent an appendectomy at Rumford Community Hospital, Rumford, Friday. Mr. and Mrs. Allen Walker were in Berlin, Friday night.

Mr. and Mrs. Arthur Gilbert and family were in Lewiston Saturday.

Mr. and Mrs. George Gilbert spent the week end at Cupsuptic Lake. Mr. and Mrs. Herman Morse, of South Paris, were Sunday callers at the home of Mr. and Mrs. Bernard Rolfe.

Mr. and Mrs. Herman Bennett attended the State Fish and Game Association meeting at Hallowell, Sunday.

There will be no services at West Bethel Union Church this Sunday.

A program was presented at Pleasant Valley Grange Hall Friday evening following a dairy supper. The program was as follows: piano duet, "King Cotton," Miss Ruth Hall and Mrs. Robert Park; an interesting talk on Dairy-ling by Harold G. Bennett; reading, "Churning," Mrs. Mary Richardson; song, "In the Garden," Mrs. Eleanor Lovejoy and Mrs. Catherine Lovejoy; reading, original poem written by Mrs. Doris Lord and read by Mrs. Norman Hall; musical selection by Mary Head and Gloria Kneeland.

The Dairy-Man's Queen

If you don't know, I'll tell you now

About the beautiful, wonderful, versatile cow.

She'll give you rich food to build strong bones.

Or to mix up and put into ice-cream cones.

Her cream is found in many a dish—

Is also good when baked with fish.

One dish we find will always please

Is flavorful, curdys, cottage cheese.

You may serve it in salad or even plain.

And it's eaten from California to Maine.

Three glasses of milk a day from the dairy

Will give calcium enough for Tom or Mary.

What makes potatoes so puffy with fluff?

Cream, of course, if you use enough.

And look at the butter so yellow and smooth.

Spread it on thick—your hunger to soothe.

The ham you eat comes from a pig

Who was fed on milk 'till he was big.

So remember the cow with the crumpled horn,

Who roams the meadows so forlorn.

She gives a lifetime of butter and pies.

Is even valuable after she dies.

There's meat of all kinds from the time she's a veal.

They even grind up her bones for meal.

So a field full of cows means a pocketful of wealth—

And for you and your family spells out HEALTH.

BEAR RIVER GRANGE

Bear River Grange met at their
hall June 4 with W. M. Stearns in
the chair. This meeting was pre-
ceded by the "dairy supper" put
on by the H and C Welfare com-
mittee and was delicious. The
usual order of business was at-
tended to. It was voted to send
our Lecturer to the Conference in
Rhode Island and pay her expenses.

As this was Education Night and
the program was in charge of the
educational committee, Carrie
Wight and Helen Varner, the lec-
turer's candle was lit in "the glow
of education." That candle burned
brightly and interestingly. First
on the program was group sing-
ing. Sister Peggy Blake gave a
nice reading, then came our speak-
er, the Rev Leon Strout, principal
of Mexico High. He is a minister
and school teacher and he and his
wife were missionaries in Africa
for three years. He gave an inter-
esting talk and showed pictures.

Next was a game and then a
spelling bee, where we spelled our
words backwards. This was won
by a visiting granger, Miriam Mc-
Allister of Franklin Grange, Bryant
Pond. There was accordion
music by Laura Yates.

Several teachers were invited but
it being so close to graduation only
a few were out. Mrs Melva Wil-
lard, Mrs Miriam McAllister, Mrs
Elizabeth Wight and Mr Strout
were the only visiting teachers.

Our next meeting will be June
18 and the program will be put on
by an out-of-town Grange and will
be a surprise. There will be a 6:30
supper, so please come one and all.
We will be especially glad to see
the young people along with the
older ones.
